Terms of Participation

1. Admission

All domestic and foreign suppliers in the Distribution, Materials Handling and Information Flow market may exhibit. The organiser decides on the admission of an exhibitor at his own discretion. Exhibitors may only sub-let or assign their stands in full to third parties upon receipt of written authorisation from the organiser. The exhibitor has no right of termination should the organiser refuse authorisation to sub-let. Desired locations will be arranged if possible, but no firm commitments will be given and a deviating position is no reason for a cancellation.

2. Terms of payment

The confirmation of your order, which you will receive from EUROEXPO GmbH, is important for the occupation of your stand. The stand rental must be paid by 1 December 2019. If the sum is not paid by then, EUROEXPO GmbH reserves the right to assign the space rented to another party. In that case, a handling fee of 30% of the stand rental will be charged.

In case of withdrawal by 1 December 2019 30% of the stand rental fee must be paid. In case of withdrawal after 1 December 2019 the entire stand rental fee must be paid. (This is also valid for applications after the official deadline).

Technical services will be provided and invoiced direct between the exhibitor and the company that runs the exhibition centre. The technical guidelines are part of the contract. Should the exhibitor be in arrears with the payment of the stand rental, ancillary costs and value-added tax, the statutory provisions shall apply. Higher damages caused by default are admissible upon proof of the particulars, and likewise the exhibitor may furnish proof of lesser damage.

3. Cancelling the contract

The organiser is entitled to curtail the trade fair, temporarily close all or part of the trade fair, cancel or postpone the trade fair for any important reason (e.g. labour dispute, force majeure, insufficient number of exhibitors, withdrawal by or notice to quit from the company that runs the exhibition centre). In this case the exhibitor cannot claim for damages from the organiser. In the event of postponement the exhibitor may object in writing within a period of 2 weeks after notification of the alteration.

The organiser is entitled to rescind the rental agreement or to terminate the rental agreement without notice if the exhibitor ceases payment or if the exhibitor opens insolvency proceedings or bankruptcy proceedings or if the company of the exhibitor goes into liquidation. This also applies in the event that the exhibitor has outstanding debts to the organiser or the trade-fair company deriving from participation in exhibitions in the past and if the exhibitor fails to meet obligations arising from the rental contract or the terms and conditions of participation. In such cases the provisions concerning premature withdrawal by the exhibitor within the specified deadlines will apply. The exhibitor has no right to claim damages.

The exhibitor may only offset counterclaims against stand rental, additional costs or any other claims and charges arising out of the rental agreement to the extent that said counterclaims are uncontested or have legal force.

In the event of failure to pay on the part of the exhibitor the organiser is entitled to retain exhibition objects and stand equipment and to auction by public auction said objects and equipment at the exhibitor's expense or to sell said objects and equipment privately. Where permissible under law, the legal stipulations concerning the enforcement of a lien are hereby suspended.

4. Stand construction

The maximum stand height is 3.50 m. Taller stands of up to a maximum of 6 m may be built, but only after written authorisation from Messe Stuttgart. The spaces on the sides of the stand that project above adjacent stands may not be used for advertising purposes. Open stand sides may be closed with walls to a maximum of 1/3. Stands with more than 30 square metres of enclosed space have to be fitted with a sprinkler system. During the exhibition no setting up, rearrangement or dismantling of stands may take place. The guidelines for stand construction of the organiser shall apply. No posters, stickers or anything else must be attached to staircases, corridors or walls. Any posters or stickers that are put up in these places will be removed at the exhibitor's expense. The distribution or display of brochures and advertising material outside the rented stand, i.e. in corridors, entrance areas etc. is only permitted after written authorisation from the organiser and at the exhibitor's expense.

Stickers and similar decoration materials which are put up in the stand must be fastened in such a manner that they can be removed easily, without damaging the panels.

The use of loudspeakers is not permitted.

Presentations at stands must be arranged so that there is no visual or acoustic disturbance to neighbouring stands and no congestion in the stand areas or corridor areas. Walls adjoining visitor aisles should be given variety by the inclusion of showcases, niches, passages, etc.

The preparation of hot food at the stands is not permitted, because of the nuisance to others from smells.

For safety reasons, no objects whatsoever may be placed in the corridor areas. Closing off corridors for reception parties and the like is not permitted. Signs, flags etc. must not be hung over the corridors, nor may any kind of carpeting be laid on the corridors. The stand may be guarded exclusively by companies which have been authorised by the company that runs the exhibition centre.

The stands must be designed without corners that are difficult to monitor. Side rooms must not be closed off by doors. Firing bolts et al., hammering nails, tacks or hooks, or fastening screws into walls, doors, columns, ceiling joists, pillars or into the floor is not permitted.

Flags, signs, etc. may only be hung from the ceilings with prior written permission from the trade fair association. Please specify the dimensions and weights of the exhibition items, and enclose the hall plan with the location of your stand marked.

All materials used in setting up or furnishing the stand must have fireproof impregnation,

or must be made otherwise flame-retardant. This applies to flags as well. During the official inspection, the Fire Department can require corresponding certification and take samples. Fire alarms, fire extinguishers, hydrants, and signboards to these items, must remain visible at all times. Terminal boxes for electricity, and telephone, gas, water supply and drains, and compressed-air outlets, as well as vents, must be freely accessible at all times; if necessary, they may be used by neighbouring exhibitors.

No welding (electric or oxyacetylene) may be done in the halls. Instructions by the lessor are binding to the tenant and the subtenants. The technical guidelines of the Stuttgart exhibition centre will apply.

Also binding are conditions and orders imposed by the Bauaufsichtsamt (construction supervisory board), the Technischer Überwachungsverein (independent inspection agency), the Municipal Department of Public Order, the police, the fire department, the structural engineer, the Trade Inspection Department, the public health authorities.

5. Dates for setting up and dismantling

Setting up can be started on 5 March 2020 at 7 am and must be completed by 8 pm on 9 March 2020 at the latest. Rental stand systems will be available for occupancy from 8 am on 9 March 2020.

Dismantling can begin after the end of the trade fair and must be completed by 8 pm on 14 March 2020 at the latest.

6. Storage of packaging materials

Special rooms are provided to the trade fair freight forwarders for storing crates, packing material, and other empties. Storing such empties in the exhibition halls or the safety zones is prohibited by order of the Fire Department.

7. Safety regulations

All exits and corridors which are laid out in the hall must be kept free over their entire width. The exits must not be draped or be made unrecognisable.

Information stands or tables must not be placed next to entrances, exits, or stairwells. The lights, loudspeakers, or other technical installations may only be operated by the organiser.

Electricity and other energy and water supply may only be consumed with the prior permission of the company that runs the exhibition centre. Power connections are billed separately, and the wattage will be monitored.

Hazardous or explosive substances may not be brought into the exhibition centre.

All radio communications at the exhibition site must be proven to be compatible, i.e. not interfere with flight traffic. Authorisation is required for any operation of WLAN and laser equipment in the halls. Use of laser equipment is not allowed on the open-air site.

8. Liability

The tenant of the stand concerned will be held fully liable for damage to the stand material, fittings, floors, walls, ceilings, etc. If special cleaning work is necessary at the stands after the end of LogiMAT, the costs will be charged to the respective tenant.

EUROEXPO GmbH as the organiser exercises domiciliary rights. During the event, the trade fair association and representatives of EUROEXPO will supervise the rented space. Approval must be obtained for all special wishes which exceed the standard rules. The instructions of the supervisory personnel must be respected. The stands must be staffed throughout the opening hours of LogiMAT. Any party leaving or taking down its stand prematurely will be automatically excluded from the next LogiMAT.

All exhibitors promise not to conduct any parallel event inside or outside the exhibition centre during the opening hours of LogiMAT.

Supplements to standard exhibition stands, such as the attachment of name panels, or the installation of lighting fixtures, may only be carried out by the firms authorised by the organiser.

In respect of the claims of the organiser arising out of the rental agreement, the organiser has a landlord's lien on the property and objects of the tenant. The exhibitor is liable in accordance with the statutory provisions for all damage caused by him or his employees. He will indemnify the organiser of the event and the company that operates the exhibition centre from all third-party claims, of whatever nature.

9. Exclusion of liability

The organiser shall be liable to pay damages to the exhibitor, the event participants and other affected third parties, on any legal grounds, only in the case of wrongful intent and gross negligence and in the event that it infringes key contractual obligations, also known as its cardinal obligations. The organiser is not liable for disturbance to the use of the rental space that is caused by third parties. In this case the organiser shall be liable only in the case of typical damage and not consequential loss, and then only to a limit of five times the sum of the net rental price.

EUROEXPO GmbH will attempt to ensure a smooth course of LogiMAT but assumes no liability for exhibition items, display material, decoration material and similar, nor for disadvantages and damages suffered by exhibitors as the result of incorrect catalogue entries and additional services. This does not affect liability on the basis of wilful or grossly negligent misconduct on the part of EUROEXPO or its employees. Any liability for ensuring unhindered setting up and taking down of stands is excluded.

10. Limitation, written form, place of performance, jurisdiction, final provisions

The statute of limitations on all claims of the exhibitor on the organiser will be 6 months beginning on the date on which the trade fair terminates.

If several exhibitors jointly hire a stand, each of them shall be liable as co-debtors.

Any other arrangements, alterations, modifications or agreements must be made in writing. Applicable law will be German law. The German-language version of these Terms of Participation will be binding. Place of performance will be the location of the trade fair. The place of jurisdiction is Munich.

7.2 If Messe Nanjing permits rescission in exceptional cases (and the requirements of the exceptions of 7.1 do not apply), this may only occur under the condition that the exhibitor is obligated to pay:

a) 50% of the total participation fee more than 2 months prior to the start of the exhibition;

b) 100% of the total participation fee within 2 months prior to the start to the exhibition.

7.3 In all cases, cancellation must be made in written form.

8. Preamble, Limitation of Liability, Compensation for Damages and Insurance

8.1 If regulations have been provided in Terms and Conditions for Participation of Messe Nanjing regarding limitation of liability and exemption of liability, these apply, if a fault is evident on the part of the Messe Nanjing, not for willful actions and actions of gross negligence, not for damages arising from death, injury to body or health.

8.3 Messe Nanjing is only responsible for damages that can be attributed to the inadequate quality of the rented rooms and any other articles that have been rented. In the event of the failure of any equipment, breakdowns or other events impacting the exhibition, Messe Nanjing is only liable if it can be proved that these events resulted from willful intent or gross negligence on their part or on the part of their vicarious agents. Messe Nanjing only assumes liability for articles provided at the exhibition by the exhibitor, their authorized staff or third parties if damage occurs to these articles, which can be proved to have occurred due to willful intent of gross negligence by their legal representative, an employee or a vicarious agent. The same applies for tortious actions. The Messe Nanjing is not liable to the exhibitor for loss of profit or other financial loss. Liability by the Messe Nanjing for non-foreseeable damages according to scope and amount is excluded. Where liability by the Messe Nanjing is excluded or restricted, this also applies for the personal liability of their employees, staff, personnel, representatives and vicarious agents. The terms of 8.1 are unaffected.

8.4 The exhibitor shall indemnify and hold the organizer and its employees, staff, personnel, representatives and vicarious agents harmless with respect to all costs, claims, liabilities, losses, demands, proceedings and expenses to which the organizer and its employees, staff, personnel, representatives and vicarious agents may in any way be subjected (including but not limited to members of the public, the staff of the local authorities, or the organizer of exhibitor's staff, agents or contractors) caused as a result of any act of omission of the exhibitor or its co-exhibitors, representatives, employees, agents, contactors or invitees. The terms of 8.1 are unaffected.

8.5 Messe Nanjing does not bear any insurance risk for the exhibitor. The exhibitor is explicitly referred to their own insurance options. If the organizer so demands, the exhibitor shall provide proof to the organizer that the exhibitor has adequate insurance coverage. In general, the exhibitor is recommended to appropriately insure their risks based on the rental contract. Messe Nanjing recommends the exhibitor and its contractors to purchase a 3rd party public liability insurance and relevant insurances towards employees and exhibits. Messe Nanjing is neither liable for any personal damages or damages for exhibits nor liable for any compensation on lost material, theft and fire. If

Terms of Participation

Messe Nanjing has to pay compensations due to the events related to the exhibitors' participation during the show; Messe Nanjing has the right to ask the relevant exhibitors reimburse the compensation to Messe Nanjing. Messe Nanjing is not liable for any direct or indirect personal injuries and property damages towards exhibitions, their representatives and employees. If the exhibitor is an entrepreneur, a legal person under public law or a special fund under public law, Messe Nanjing is under no circumstances liable for damage to or loss of goods brought to the exhibition by the exhibitor or the stand fittings or furnishings. In this case, it is immaterial whether such damage or loss occurs before, during or after the exhibition. For his part, the exhibitor is liable for any culpable damage to persons or property caused by him, his employees, representatives and co-exhibitors and their exhibition articles or exhibition installations and equipment. The terms of 8.1 are unaffected.

9. Force Majeure and Performance of Services

9.1 Cases of Force Majeure, which prevent Messe Nanjing from fulfilling their obligations either totally or in part, relieve Messe Nanjing from fulfilling this contract until the case of force majeure is removed. Messe Nanjing must inform the exhibitor of this immediately, provided that they are not likewise prevented by force majeure from doing so. The impossibility of a sufficient supply of supplies, such as electricity, heating, etc., as well as strikes and lockouts-provided that they are not only for a short period of time or are caused by Messe Nanjing-are also equated with a case of force majeure. If costs for the preparation of the exhibition are incurred to Messe Nanjing in these cases, the exhibitor is obliged to pay these costs.

9.2 The performance of all services is subject to available capacities. The organizer is entitled to postpone, curtail, temporarily close, wholly close, close in part or cancel the event for a substantial reason (e.g. labor dispute, epidemic disease, government limitation, force majeure, inadequate turnout). In the case of complete or partial postponement or curtailing, the contract is considered to apply to the altered period, unless the exhibitor objects in written form within a period of two(2)weeks after being advised of the alteration. Discounts on any agreed fees and reimbursement of any expenses incurred by the exhibitor in reliance on the exhibition running as at first anticipated are hereby expressly excluded.

10. Intellectual Property Rights

10.1 The exhibitor is obliged to strictly observe the industrial property rights of third parties with regard to the articles they exhibit. Articles that violate the intellectual property rights, in particular trademark rights, design patent rights, utility patents and/or patents are not permitted as exhibition articles.

10.2 The exhibitor is obliged to remove articles that violate these rights in terms of 10.1 immediately from their stand.

10.3 The exhibitor is liable in the same manner for rights violations through articles of co-exhibitors in terms of 2.2.

10.4 Messe Nanjing reserves the explicit right to exclude the exhibitor from the current and/or future event(s) without any compensation, without justification of a respective obligation, if infringement of industrial property rights and/or infringements against the obligations in terms of 10.1 and 10.2 can be substantiated. 10.3 applies accordingly.

10.5 Exhibitors are solely responsible for safeguarding the intellectual property rights of their exhibition articles.

10.6 If Messe Nanjing exercises their exclusion right in terms of 10.4, based on a judicial decision or on substantiated evidence for the infringement of an industrial property right, the exhibitor concerned is not entitled to any compensation for damages from Messe Nanjing if the violation of intellectual property rights should prove to be invalid at a later point in time (as the result of an appeal procedure or other legal evidence). This does not apply in cases where Messe Nanjing has acted with willful intent or gross negligence.

11. Storage of Data

The exhibitor agrees explicitly to the storage, processing and forwarding of person-related data by Messe Nanjing in accordance with data protection legislation, including the use of automatic data processing, provided this is required solely for business purposes.

12. Applicable Law, Place of Execution and Place of Jurisdiction

12.1 Only the law of the People's Republic of China applies for all the legal relations between Messe Nanjing, their personnel, vicarious agents and their assistants on the one hand and the exhibitor as well as their personnel, vicarious agents and their assistants on the other hand.

12.2 The place of execution is Nanjing.

12.3 In the event of any dispute, controversy or claim (collectively "dispute") arising out of or relating to this contract, or the breach, termination or invalidity of this rental contract, then any party may bring an action at the court which has jurisdiction at the registered address of Messe Nanjing. To exhibitors incorporated or with their principal place of business outside the PR of China any party may submit the dispute to the China International Economic and Trade Arbitration Commission Shanghai in accordance with its rules of arbitration procedure.

13 Additional Agreements and Severability Clause

13.1 Additional agreements are only legally binding if they are made in writing with Messe Nanjing and are confirmed in writing by Messe Nanjing.

13.2 The Terms and conditions for Participation and this contract will remain valid even if individual conditions should become invalid. The respective condition must then be replaced by a condition that corresponds as far as possible to the original commercial purposes.
