# 2026展会规划 Plan for 2026

LogiMAT China 是全球领先的、专注展示内部物流解决方案及流程管理的展览会。每年的 LogiMAT China 都为行业带来各大企业内部物流流程合理化和成本优化方面的创新技术、产品、系统和解决方案，在展会现场展示最前沿的研究成果。

聚焦物料搬运、仓储自动化、数字智能工厂、物联网、叉车、AGV、穿梭车等领域，除展览以外，LogiMAT China 每年还举办多场专业论坛、商务洽谈、社交晚宴、工厂参观等形式各异、丰富多彩的交流活动，旨在为来宾搭建一个立足技术、注重创新的专业技术交流平台。

LogiMAT China is the premier global show dedicated to intralogistics solutions and process management. Each year, LogiMAT China showcases cutting-edge technologies, products, systems, and solutions aimed at streamlining and optimizing the intralogistics processes of major enterprises within the industry.

The show also presents the latest advancements in material handling, warehousing automation, digital smart factory, Internet of Things, forklifts, AGVs, shuttles and other related fields. In addition to the show, LogiMAT China hosts a variety of professional forums, business negotiations, social dinners, factory visits and other diverse exchange activities annually with the goal of establishing a professional technical exchange platform centered on technology and innovation for its guests.

机器人全产业链峰会

同期展会 **Co-located with FAIR plus**

LogiMAT China 聚焦AI与机器人技术在内部物流行业的创新应用，同期联合深圳市机器人协会举办FAIR Plus，汇聚机器人产业链上、中、下游企业，通过展示AI与机器人领域的最新技术、产品及工厂、仓库的落地案例，共同推进机器人智能化升级，加速前沿技术在内部物流场景的渗透与融合。

LogiMAT China spotlights the innovative deployment of AI and robotics within intralogistics, and will co-locate with FAIR Plus—organised in partnership with the Shenzhen Robotics Association. The event brings together upstream, mid-stream and downstream players across the robotics value chain, showcasing the latest AI and robotic technologies, products and real-world applications in factories and warehouses. Together, they will drive the intelligent evolution of robotics and accelerate the adoption of cutting-edge solutions across intralogistics operations.

### 观众评语 / Representatives of Visitors

通过本次展会，我看到了很多物流机器人、仓储智能化、智能工厂集成等技术与行业解决方案，沉浸式体验智能物流黑科技应用场景。为我们公司打造数智化工厂，升级内部物流系统，实现高质量发展提供了帮助！最后祝愿 LogiMAT China 越办越好！

This exhibition provided me with an extensive insight into logistics robots, intelligent warehousing, integrated smart factory solutions, and immersive applications of advanced technology in intelligent logistics scenarios. It will greatly assist our company in establishing several smart chemical plants and upgrading our internal logistics system to achieve high-quality development. Lastly, I extend my best wishes for the continued success of LogiMAT China!
